ELECTRICIAN SPECIALIST/ VEHICLE ELECTRONICS SPECIALIST

Location: Mladá Boleslav • Prague

Ref. 2018-003

There is a bit of EDAG in almost every car. We are experts in complete vehicle development and the optimisation of production facilities for the automotive industry. With some 8.000 employees at 60 locations in 17 countries, we offer our customers a full range of automotive-related engineering services, and help them to transform technology into emotion.

We require:

- Knowledge of the technology of design, assembly and production of plastics at various levels of advancement
- Knowledge of Catia V5 at various levels of advancement
- Secondary/postgraduate education with a technical focus, preferably in the field of electrical / electronics
- MS Office, especially Excel and Power Point for reporting and presentations
- Knowledge of GE and EN is an advantage for email and occasional spoken communication
- General overview in automotive
- Communicative and systematic approach

We offer:

- Interesting work from pre-development to automotive production
- The ability to realize your ideas
- Friendly workplace
- An individual approach to each employee
- We emphasize the long-term development of your career
- Improvement of soft and hard skills
- Contract for an indefinite period
- Interesting financial valuation
- Many financial benefits
- 13th and 14th salary according to the personal development of the employee
- Holidays up to 30 business days
- Start date immediately
