

WE ARE LOOKING FOR NEW COLLEAGUES FOR POSITION:

## **TEAM LEADER (M/W) CAE**

- Location: Prague - Function area: Vehicle integration

Ref. 2018-009

Enthusiasm for details, state-of-the-art technologies and always an eye for improvement: at EDAG, thoughtful technology becomes pure emotion. As an independent developer of the major automotive brands in the world, our heart beats for moving people - professionally, with new ideas, strong in implementation, and on individual career paths.

### **We require:**

- You are an engineer specializing in mechanical engineering, civil engineering, automotive engineering or similar, with several years of professional experience as a calculation engineer
- Their background is stiffness / strength or fatigue strength and they have knowledge of common CAE tools, experience in modeling and structural mechanics analysis
- You can use experience in project management to perform experience in employee leadership and development
- Your entrepreneurial mindset and communication skills are used in designing your area

### **Your tasks:**

- As team leader in CAE you are responsible for the exciting mix of management tasks, project management and customer acquisition
- • You lead the team professionally and disciplinarily, take care of the further development and support of the employees and are responsible for the utilization of the team. To do this, you actively approach new customers and generate new projects with long-standing existing customers
- • The projects in your area of responsibility guide you independently, taking into account costs, deadlines and quality, with customer satisfaction as the highest standard
- • To fulfill your tasks in a targeted way, work closely with the department head and other departments. In addition, a large network of national and international calculation departments is at your disposal

### **We offer:**

- Interesting work from pre-development to automotive production
- An individual approach to each employee
- We emphasize the long-term development of your career
- Improvement of soft and hard skills
- Interesting financial valuation
- Many financial benefits
- 13th and 14th salary according to the personal development of the employee
- Holidays up to 30 business days

Are you interested? Then do not hesitate to contact us on the above contacts!

We look forward to your structured curriculum vitae.
