

WE ARE LOOKING FOR NEW COLLEAGUES ON THE POSITION:

EE SPECIALIST

Location: Mladá Boleslav

Ref. 2019-0014

In almost every car today there is at least a little of EDAG. We are an expert in complete vehicle development and optimization of manufacturing systems for the automotive industry. With more than 8,000 employees, at nearly 60 locations in 19 countries, we offer our customers a whole range of development services, above all, but not just in the automotive industry. EDAG is a company whose goal is to awake enthusiasm for technology from employees and customers.

We require:

- Creative thinking, the ability to improvise in different situations
- General overview in the automotive environment
- General overview of vehicle equipment and functions
- Very good communication skills
- Knowledge of GE or EN for everyday communication in the international environment
- Care, responsibility, reliability and independence
- Secondary / higher education technically best in the field of mechanical engineering or electrical engineering
- MS Office

We offer:

- Interesting work on pre-development to automotive production
- Possibility to realize your ideas and vision
- Friendly working environment
- Individual approach to each employee
- We emphasize the long-term development of your career
- Strengthening soft and hard skills
- Contract for an indefinite period
- Interesting financial evaluation
- Many financial benefits
- 13th and 14th salary according to the personal development of the employee
- Holidays up to 30 business days
- Admission possible immediately

Sounds interesting to YOU? Then do not hesitate to contact us on the above contacts!

We are looking forward to your structured curriculum vitae.
