

WE ARE LOOKING FOR NEW COLLEAGUES FOR POSITIONS:

EE SPECIALIST - DEVELOPMENT OF CONTROL UNITS

Location: Mladá Boleslav, Praha(Viktora Huga 359/6)

Ref.: 2019-020

In almost every car today, there is at least some EDAG. We are an expert in complete vehicle development and optimization of automotive manufacturing systems. With more than 8,000 employees, at nearly 60 locations in 19 countries, we offer our customers a range of development services primarily, but not just in the automotive industry. EDAG is a company whose goal is to excite technology and enthusiasm among employees and customers.

What should you have:

- creative thinking, ability to improvise in different situations
- technical knowledge of the car's electrical architecture (communication protocols, technical specifications, etc.)
- knowledge of German or English for everyday communication in an international environment
- knowledge of automotive development
- knowledge of ODIS Engineering, CANoe, DOORs, SYS42 is an advantage

Your duties:

- Design and technically specify control units
- communicate with technical departments within the customer
- test new features
- participate in the development of a new architecture and system
- lead the project, change management and work with the BOM

What you can look forward to:

- very interesting salary, 13th and 14th salary
- up to 30 days holiday
- employment contract of indefinite duration
- the possibility to realize your thoughts and ideas
- a friendly and individual approach
- wacky career development and much more

Did we raise your interest? Then do not hesitate to contact us! We look forward to your CV!
