

WE ARE LOOKING FOR NEW COLLEAGUES FOR POSITIONS:
EE SPECIALIST – HMI DEVELOPMENT

Location: Mladá Boleslav, Praha(Viktora Huga 359/6)

Ref. : 2019-022

In almost every car today, there is at least some EDAG. We are an expert in complete vehicle development and optimization of automotive manufacturing systems. With more than 8,000 employees, at nearly 60 locations in 19 countries, we offer our customers a range of development services primarily, but not just in the automotive industry. EDAG is a company whose goal is to excite technology and enthusiasm among employees and customers.

What should you have:

- creative thinking, ability to improvise in different situations
- min secondary school education in IT or electro
- very good communication skills
- knowledge of German or English for everyday communication in an international environment
- experience with development in the automotive industry is an advantage
- knowledge of web technologies is an advantage

Your duties:

- design and technically specify HMI functions
- communicate with technical departments within the customer
- test new features
- lead the project
- participate in the development of a new architecture and system, the development of connectivity and HMI

What you can look forward to:

- very interesting salary, 13th and 14th salary
- up to 30 days holiday
- employment contract of indefinite duration
- the possibility to realize your thoughts and ideas
- a friendly and individual approach
- wacky career development and much more

Did we raise your interest? Then do not hesitate to contact us! We look forward to your CV!
