

WE ARE LOOKING FOR NEW COLLEAGUES FOR POSITIONS:
COMBUSTION ENGINE DESIGNER

Location: Mladá Boleslav

Ref.: 2019 - 025

In almost every car today, there is at least some EDAG. We are an expert in complete vehicle development and optimization of automotive manufacturing systems. With more than 8,000 employees, at nearly 60 locations in 19 countries, we offer our customers a range of development services primarily, but not just in the automotive industry. EDAG is a company whose goal is to excite technology and enthusiasm among employees and customers.

What should you have:

- excellent knowledge of combustion engines
- technical education (mechanical engineering) and min. 3 years of practical experience
- excellent CAD-Creo knowledge, knowledge of VW standards for CAD data creation
- excellent knowledge of PDM-ECA
- communicative knowledge of German or English language
- advanced knowledge of MS Office and Windows

Your duties:

- creation of 3D models, drawings and assemblies in the Creo CAD system
- preparation of 3D models and drawings for archiving in the ECA database, check by ModelCheck
- active, independent and professional design tasks
- providing information, analysis using the Creo CAD system
- design and preparation of professional materials of various character to entrusted design tasks

What you can look forward to:

- very interesting salary, 13th and 14th salary
- up to 30 days holiday
- employment contract of indefinite duration
- the ability to realize your ideas
- a friendly and individual approach
- wacky career development and much more

Did we raise your interest? Then do not hesitate to contact us! We look forward to your CV!
